Mythology Research

Directions:

Use the following links/resources to find out information about each of the following myths/stories.

- You may also use Google to find sources, but use good judgement when gathering research (.edu .gov and .org are usually most reliable, but in many cases, .com is just as valid)

Write out a 1-2 sentence summary of the main story behind each character. Then, write an applicable lesson that we can learn from the myth (theme).
