Contour Lines Worksheet

Recreate the photograph as a contour drawing using outlines first, then use contour lines to emphasize the curves of the objects.

Example.

1.

2.
Light

Using contour lines and shading create a Contour Line Drawing with a light source. Once your drawing is complete use arrows to label each area of your drawing with the appropriate terms.
Value Worksheet

Use the boxes below to create value; one will be white to black the other you will use ONE color.

Example.

1. Create a Value scale from White to Black.

2. Create a color value scale with the first box being white and the last being the Pure Color.
